## **MISCELLANEOUS:**

Bitches in season may participate in NCA Draft Tests. Bitches in season shall be judged at the conclusion of judging for that day. When not being tested, bitches in season must be contained in a designated area well away from male dogs and the official test areas. At least one other bitch must be available to perform the group exercises with any bitches in season. If possible, this may be a bitch who has not competed in group exercises or another volunteer. Bitches that have had an ovarian sparing spay are required to be tested as “Bitches in Season.”

**Each Entrant is responsible for their own equipment. No carts or harnesses will be provided.**

## **NCA POLICY ON DOG AGGRESSION**

Any dog that, in the opinion of the Event Committee, attacks a person or a dog at the NCA working event, resulting in an injury, and is believed by that committee to present a hazard to persons or other dogs, shall be disqualified. When the event committee disqualifies the dog, a report shall be filed with the NCA Board. The disqualified dog may not again compete at nor be on the grounds of an NCA working event unless and until, following application for reinstatement by the owner to the NCA Board, the owner receives official notification in writing from the NCA Board that the dog's eligibility has been reinstated.

## **OUT OF CONTROL DOG POLICY**

Approved NCA Board of Directors

November 11, 2023

At all NCA Events dogs must be kept under control to prevent harm to itself or others. It is the owner/handler's responsibility to ensure their dogs are under control for the duration of the event.

At NCA events dogs must be crated or leashed and collared at all times, except when the dogs are required to perform off leash. When dogs are leashed, the length of the leash must not exceed SIX (6) feet and the leash may NOT be a retractable leash.

Dogs should not be allowed to approach another dog without permission from the other dog's owner/handler.

Any dog that, in the opinion of the judges, event committee or designated safety officer representing the event, appears dangerous, shall be asked to leave the event promptly or be crated for the duration of the event and is excused from further participation in the event. Anyone who witnesses a dog appearing to be dangerous should bring their concerns to the judges, event committee or safety officer. Part of upholding good sportsmanship is to take action through the appropriate channels.

Examples of out of control behavior would include but are not limited to:

Aggressive vocalization such as barking and growling, or aggressive behavior toward any person or animal such as snapping, biting, lunging, charging, attacking or attempting to attack at any time while on the test grounds.

Owners and handlers are responsible for monitoring the well-being and safety of their dog(s). If left unattended the owner/handler must check on them frequently to ensure they are safe.

If the dog is excused from the test grounds for aggression, the automatic grievance policy of the NCA is enacted. If an injury to a dog or person occurs, the AKC Rules Applying to Dog Shows Ch 11, section 15 goes into effect. (References, chapter 2, section 14 in both water and draft regulations)
